Focus on foster care

A special issue

Presentations at the 1999 IFCO conference were testament to much reflection and variety in approaches to tackling problems and approaches to improving foster care practice.

The Planning Committee decided to support the offer of *Children Australia* to develop a special issue drawing on material from the conference, including the publication of the keynote addresses.

We welcome this production which takes a further step in sharing the successes of 'Fostering the Future'.

Chairperson, IFCO Planning Committee 1999
